

2018 IMPACT REPORT

COMMUNITY
FOUNDATION OF
MORGAN COUNTY

DEAR FRIENDS

I am so pleased to be able to share this annual report for the calendar year of 2018 with you. CFMC has accomplished so much in my short time here and that is due to our incredible team members on staff, our Board of Directors, and most importantly because of you – our donors.

100% of every dollar donated to CFMC's IMPACT grants endowment goes back into our community to support and enhance the quality of life for our Morgan County neighbors. We are so grateful to our scholarship donors who support our young people interested in a college degree. The ability to support future generations makes a tremendous difference. And, to all of our fund holders, your tireless work to support the many missions you care most deeply about is inspiring to all of us. CFMC is proud to support your efforts as you do so much good in our community.

On behalf of all of us here at CFMC, it is with everyone's support that, together, we create dynamic change in Morgan County. It is my sincere privilege to be working with each of you in that important endeavor.

Best,

A handwritten signature in black ink that reads "Ed Kominowski".

Ed Kominowski, President
Community Foundation of Morgan County

TO OUR COMMUNITY PARTNERS

i AM RESPONSIBLE.
i CAN HELP.
i WILL GIVE.

On behalf of the Board of Directors of CFMC, we would like to thank all of the donors and fund holders for their good will and generosity, and also the volunteers for giving of their valuable time. The Community Foundation serves a unique role in our county. Like many of us, I remember the founding of CFMC and have been able to see its growth and impact. When the Lilly Endowment first began supporting our Indiana community foundations, I don't believe we knew quite where the future would lead. However, now I can see that creating an organization with a core mission to support Morgan County and governed by a board of local concerned citizens was a tremendous gift for today and the future.

We continue to steward the many gifts entrusted to CFMC and view our role of fiscal responsibility as a very important one. It is this organization, today, that we will gift to the next generation to benefit them and their future needs. We can not know where Morgan County will grow into the future but we can leave a lasting legacy by planting seeds which will bear fruit much after our time.

Sincerely,

Charles W. "Bud" Swisher

2018 GRANTEES

STABILITY FOR MORGAN COUNTY RESIDENTS | \$5,000 CHURCHES IN MISSION

To provide financial assistance in housing and utility costs for those living below the poverty line in Morgan County. Assistance was provided to families who are working but having to chose between keeping the lights on or feeding their family. While CFMC only provided partial funding, the program through Churches in Mission served 1,904 unique families in obtaining assistance in 2018.

PATHWAYS TO PROSPERITY | \$2,500 COMMUNITY SERVICE CENTER OF MORGAN COUNTY (WELLSPRING)

Education can be hard for any youth, but especially those who are in constant crisis while being homeless. CFMC provided a grant to help with a homework club for 14 youth members living at Wellspring. Not only did the homework club help with school assignments but it also focused on helping with 21st Century Scholarship Applications, FAFSA applications for assistance with college tuition, exercise and nutrition, and financial literacy. Teaching our children to be financially responsible will help the leaders of tomorrow end the cycle of poverty.

THREE SCHOOL AQUAPONIC LABS | \$15,700 FRESH WAY FARM

Studies have shown that students who participate in hands-on learning retain more information than traditional course work. Aquaponics is the growing of fish (aquaculture) combined with the production of plants (agriculture) in a symbiotic process that produces high-quality food using less water and space and in shortened time frames than traditional growing methods. The labs will educate students about a system that has helped to alleviate the problems of food deserts, provide job opportunities, and with a relatively low overhead and initial outlay for materials, also encourage entrepreneurship. Because of these three systems in our local schools, 2,272 students were exposed to agriculture education.

BECOME A BETTER YOU | \$6,500 MARTINSVILLE YOUTH DEVELOPMENT CENTER

Not all youth have hope and the self-confidence that they can have a successful future, especially those living in poverty. The program at MYDC focuses on improving Morgan County youth mentally and physically by teaching self-esteem, communication, fitness, teamwork skills, nutrition, and conflict resolution. The program partners with Bradford Woods, MSD of Martinsville, IU Health Morgan, and Strength School. At the end of the program 66.7% of students stated they felt better about themselves, 25.9% improved their BMI measurement, and 37% improved socially and emotionally. Every child deserves the chance to hope for a better life.

BULLDOG BLESSINGS FOOD PANTRY | \$8,000 GLEANERS FOOD BANK

Gleaners' School-Based Pantry program aims to help alleviate chronic hunger and its symptoms through the provision of nutritious food to food-insecure students and their families at Monrovia Schools. During the 2017-2018 school year, the Bulldog Blessings Pantry served a total of 4,035 individuals, including a population of 2,062 children under the age of eighteen. Pantry coordinators reported students experienced less worries about being hungry letting them focus on school and improved in overall attendance.

2018 LILLY ENDOWMENT FINALISTS & SCHOLARS

Every year CFMC is pleased to be able to share the generosity of the Lilly Endowment's Scholarship program with Morgan County. Through the Lilly Scholarship, two well-deserving students receive a four-year, full-tuition scholarship to any Indiana college or university of their choice. This scholarship not only transforms the life of each student but also their family by making dreams possible. Our finalists are amazing and talented young people. It's a pleasure for CFMC to meet our Lilly Scholars and see the leaders of tomorrow right here in our community.
